BOSCH

WHY CHOOSE ASSURED HEATING

At Assured Heating , we provide quality home heating services throughout Essex and surrounding areas.

Our team of skilled professionals is committed to excellence and customer satisfaction and is here to meet all your plumbing and heating needs.

CUSTOMER REVIEWS

Assured Heating services

Mick Collins

I have been using assured heating ever since they installed the boiler about 7 years ago. The engineers have always been polite and on time when servicing the boiler. The most important aspect is the boiler has never broken down!

Great Service

John Barnard

Assured Heating installed our boiler some 10 years ago and have always provided an amazing follow up customer service. Recently the boiler developed a fault, and we were left with no heating on a very cold day. Lee quickly arranged for one of his engineers to attend who quickly resolved the problem. I give this company 5 stars+ and am happy to recommend them.

Excellent service

R H Dover

Assured sent an email to remind me that my first service was due and attached booking details. I arranged a convenient date/time. The engineer advised me of his arrival time and carried out the service, signed the service record and left the working area neat and clean. I have always found Assured a very pleasant and efficient company to deal with.

CUSTOMER FOCUSED

Across Assured Heating , we collectively embrace a customer-centric approach to providing our services and products.

We are dedicated to fostering a customer-centric culture that sets our plumbing and heating services apart. Satisfied customers are the cornerstone of successful businesses.

Our reviews on Trustpilot are examples of this, and we encourage you to explore them. We prioritise exceptional service, reliability, and dependability, striving to exceed expectations in every interaction.

Our team is adept at providing benchmark heating solutions, prioritising comfort and safety. Your satisfaction is our primary focus, and we take great pride in ensuring your experience with us is smooth and stress-free.

OUR APPROACH

We believe in an open and transparent approach with all our customers, as we know that this is key to developing trust and confidence.

- Bespoke Consultations:** Our commitment to outstanding customer service begins with bespoke consultations. We take the time to understand your and your family's needs, providing tailored solutions that align with your budget and preferences. This ensures you receive the most appropriate and cost-effective services for your requirements.
- Proactive Communication:** Our customer-centric approach involves proactive communication throughout the service process. From confirming appointments to providing progress updates, we inform you at every stage. You'll always be aware of the status of your project, reinforcing our dedication to transparency and dependability.
- Satisfaction Assurance:** We go the extra mile to assure your satisfaction. If, for any reason, you're not entirely satisfied with our services, we will work diligently to put things right. Your peace of mind is our top priority, and our commitment to delivering exceptional customer service extends well beyond completing the job.

BOILER TYPES

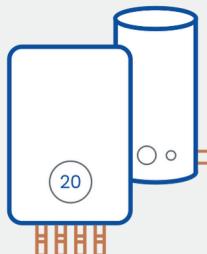

Our team of heating experts will help you choose the right boiler and accessories for your home and budget.

COMBI BOILERS

Provide heating and hot water from a single unit.

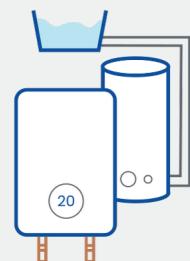

- ✓ Hot water on demand
- ✓ Compact designs
- ✓ Energy efficient

SYSTEM BOILERS

System boilers require a separate hot water tank.

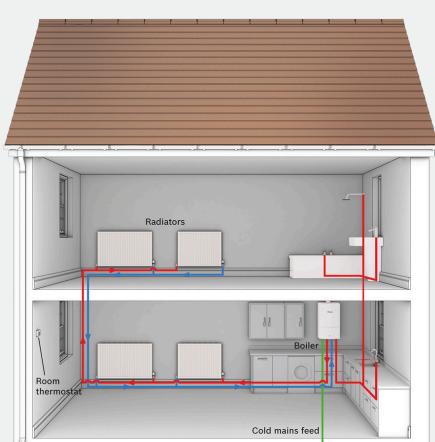

- ✓ Sealed system
- ✓ No loft tank required
- ✓ For larger homes
- ✓ Energy efficient

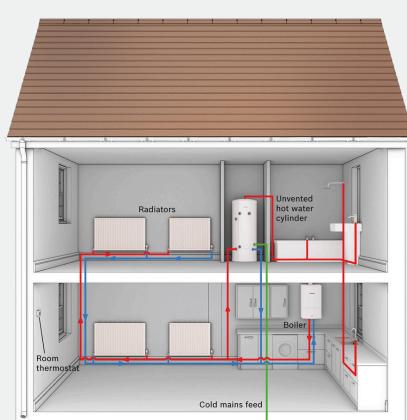

REGULAR BOILERS

Suitable for larger homes with multiple bathrooms.

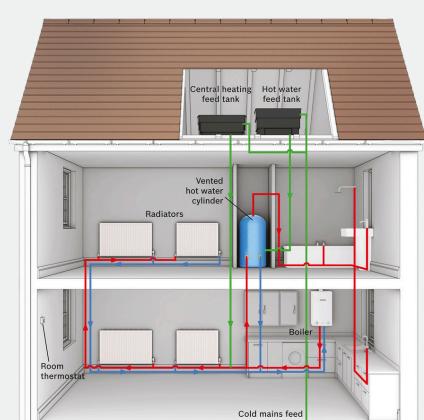

- ✓ Easy to maintain
- ✓ Large storage capacity
- ✓ Requires tank in loft
- ✓ Energy efficient

Combi boiler: heats water as needed and eliminates the need for a water tank in your home.

System boiler: like a heat-only boiler, but more components are built-in. This can make a system boiler easy to install, as they need smaller space.

Conventional boiler: (also known as a heat-only boiler) requires a hot water tank or cylinder in which hot water can be stored for later use.

COMBI BOILERS

In September 2024, Worcester Bosch was awarded the **Which? Best Buy**, for their gas combi range.

Worcester Bosch Greenstar 1000

The go-to boiler for smaller homes that want to monitor bills, efficiency, and space. Designed to be tucked away inside a kitchen cupboard and with a QuickTap feature to cut down on water usage, the Greenstar 1000 is a budget-friendly solution that'll give most small homes everything they need.

Dimensions (mm) height x width x depth: 655x395x285

Worcester Bosch Greenstar 2000

This Quiet Mark certified, affordable combi boiler is designed to slot seamlessly into your kitchen or utility. The Greenstar 2000 is a sleek and super-efficient workhorse loved by installers. It will keep your heating and hot water running reliably all year round.

Dimensions (mm) height x width x depth: 724 x 400 x 300

Worcester Bosch Greenstar 4000

The Greenstar 4000 is perfect for small to medium-sized homes. It features a modern new design, an easy-to-use full-colour text display, and it's quiet too. The Greenstar 4000 has a wide power range and can efficiently meet all of your heating and hot water needs.

Dimensions (mm) height x width x depth: 724* x 400 x 310

Worcester Bosch Greenstar 8000+

Introducing the Worcester 8000+ Style Combi range with a fantastic new design and greater connectivity with the Comfort II controls. The Greenstar Life 8000 is one of the most powerful wall-hung boilers, with upgraded controls and supports wireless connectivity.

Dimensions (mm) height x width x depth: 780 x 440 x 365

SYSTEM BOILERS

In September 2024, Worcester Bosch was awarded the **Which? Best Buy**, for their gas combi range.

Worcester Bosch System Greenstar 4000

The Greenstar 4000 system boiler is a flexible option for many homes in the UK, it features a modern new design, an easy to use full colour text display and it's quiet too. The Greenstar 4000 system has a wide power range to meet all of your heating and hot water needs efficiently.

Dimensions (mm) height x width x depth: 724* x 400 x 310

Worcester Bosch System Greenstar 8000+

The Greenstar 8000+ can stand up to the busiest of mornings with ease. Designed to supply large family homes, this powerhouse will do everything you need, whenever you need it to. 94% central heating efficiency to keep bills low

Dimensions (mm) height x width x depth: 780 x 440 x 365

KEYLESS FILING LINK

Assured Heating includes the Worcester Bosch Keyless Filling Link with every new boiler installation, allowing easy, tool-free top-ups to maintain boiler pressure.

This feature ensures consistent heating and reduces maintenance, adding convenience and reliability to your system from the start.

REGULAR BOILERS

In September 2024, Worcester Bosch was awarded the **Which? Best Buy**, for their gas combi range.

Greenstar Ri (12kW to 24kW)

Our Greenstar Ri boiler is a compact, wall mounted boiler that is perfect for small and medium sized homes. It is also perfect for replacing a boiler in an existing system. Small enough to be installed in a standard kitchen cupboard, the boiler can be used with our range of high efficiency Greenstore cylinders for a complete Worcester system solution for your home.

Dimensions (mm) height x width x depth: 600 x 390 x 270

Greenstar Ri (27kW and 30kW)

Our higher output Greenstar Ri boiler is a compact, wall mounted boiler that is perfect for medium and large-sized homes. Small enough to be installed in a standard kitchen cupboard, this boiler can be used with our range of high efficiency Greenstore cylinders for a complete Worcester system solution for your home.

Dimensions (mm) height x width x depth: 600 x 390 x 270

Greenstar CDi FS Regular overview

Our Greenstar FS CDi Regular is a floor standing boiler with outputs up to 40kW. Suitable for large properties, this boiler is a perfect replacement for an older floor standing boiler and is supplied with a pre-plumbing jig and has a wheel-in tray allowing the appliance to be easily slid into place.

Dimensions (mm) height x width x depth: 850 x 400 x 600*

Worcester Bosch Regular Greenstar 8000+

The Greenstar 8000+ can stand up to the busiest of mornings with ease. Designed to supply large family homes, this powerhouse will do everything you need, whenever you need it to. 94% central heating efficiency to keep bills low

Dimensions (mm) height x width x depth: 780 x 440 x 365
